Social Me, Social We
A University of Connecticut Super Social Skills Group

WHO: Children in 3rd-5th grades who struggle using social skills effectively and their parents/ caregivers.

WHAT: Children will learn strategies from Michelle Garcia Winner’s Social Thinking Program to improve social skills while engaging in peer interaction in a small group setting. Parents will learn educational components about the program and how to best help their child implement social skills within the home and community.

WHEN: Mondays 4:30-5:45pm starting 9/12/16

WHERE: UConn Speech and Hearing Clinic

Contact the UConn Speech & Hearing Clinic for more information:
(860) 486-2629
