

4-Year Sample Course Sequence, SLHS

This is one example of many possible course sequences for SLHS majors. Remember to try and take PHYS before SLHS 2156Q. It is also suggested you complete approximately 30 credits per academic year to graduate in 4 years. In the past, SLHS 2156Q, 2203 and 2204 have been offered in the summer session but may or may not be offered in future summer sessions.

4-Year Sample Course Sequence, SLHS

(Campus Change Students: Option 1)

This is one example of many possible course sequences for SLHS majors. Remember to try and take PHYS before SLHS 2156Q. This sequence is suggested if you are able to take PHYS at a regional campus. If not, Option 2 sequence is more appropriate. It is also suggested you complete approximately 30 credits per academic year to graduate in 4 years.
